

Curriculum vitae

Personal data

Name: Dmitry G.

Technical Knowledge and Skills

Python, Django, Node.js, React, HTML, CSS

Dmitry is a professional Team Leader and Full-Stack Developer who has a great experience with Python, Django along with JavaScript, Node.js and React.js. His primary focus is the development of server-side logic, ensuring high performance and responsiveness to requests from the front-end. Dmitry also works with modern front-end build pipelines and tools. He is focused on writing reusable, testable, and efficient code.
